

Immortal Love

If you are in trouble, and you're still alone,
for you there's no way out.
You think you have no future no hope,
and you are full of doubt.
Remember that there is someone for you,
he hears your prayer well.
It's our immortal god, our friend,
he's more than you can tell.

Chorus:

Immortal love, immortal grace,
Immortal love, immortal grace.

Come on and turn your point of view,
he reaches out his hand.
He tries to free you from your sin,
and shows his promised land.
He walks with you a whole new way,
you simply have to go.
New feelings deep inside of you,
that's what he want to show.
