

# My Love

It is early morning, I am thinking of you  
if you don't believe it, what can I do.  
Our last meeting was just too long ago.  
If I think of you, my heart really knows.  
You are my son, but you don't want to be  
this feeling is heavy and I am not free.

## **Chorus:**

I wish you were here, the whole life long.  
I wish you were here, if not, it's very strong.  
I wish you were here, a new life begins,  
I wish you were here, maybe one time we win.

It would be so nice if you were with me now.  
I want you back but I don't know how?  
I'm not giving up and I'm fighting for you.  
And if it's the last thing I can do.  
You are my big love and you are my son  
I'll never give up 'til my job is done.
